6 TARIFFS .....	9
7 FACILITY SHARING .....	10

# 1 Scope

- 1.1 This Sub-Annex comprises co-location services and facility sharing opportunities.
- 1.2 Co-location in this Sub-Annex means sharing of physical space on land or in buildings.
- 1.3 Facility sharing means sharing of facilities (ducts, rights of way etc) owned or in other ways controlled by one of the Parties
- 1.4 The services are intended for authorized Operators holding a Class 1 License.
- 1.5 The offered collocation and facility sharing services are without prejudice to the possibility of supplying certain different collocation products, as per regulations in force, on the basis of bilateral agreements.

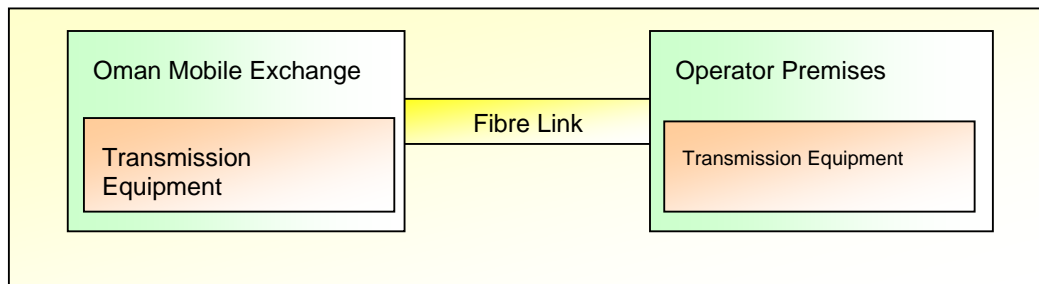

---

## 2 Collocation products

- 2.1 These collocation services are intended for Operators holding Class 1 license for the purpose of interconnection with the Oman Mobile telephone network. This Sub- Annex contains the commercial and technical conditions for supplying such services.
- 2.2 The Operators may choose between the following collocation products:
  - 2.2.1 Oman Mobile will offer Physical collocation on premises owned or controlled by the Operator, “Collocation on Operator’s Premises”

### 3 Collocation in Operators Premises

#### 3.1 Principal description of collocation

3.2 In the customer building Oman Mobile will place Transmission equipment and connect it to the POI. Oman Mobile will supply the following

3.2.1 2 x E1 Card

3.2.2 MUX STM-4

3.2.3 1 x STM-4 Card

3.2.4 DDF including cabling

3.2.5 Fiber

3.3 The Operator supplies the DDF on the Operator's side.

3.4 Providing that reasonable grounds exist, Oman Mobile may require the Operator to conclude a related insurance contract. In case of a dispute the matter will be mediated by TRA.

---

## 4 Changes of collocation

- 4.1 Operator will notify the Oman Mobile within 12 months in advance (if not agreed otherwise) of the following situations:
- 4.1.1 decision to close the building where physical collocation is in use;
  - 4.1.2 scheduled real estate maintenance work requesting temporary movement of the physical collocation in use;
  - 4.1.3 redeveloping of the real estate for the provision of the collocation spaces, requesting a final change of the physical collocation in use;
  - 4.1.4 redeveloping of the spaces around Operator's building or performing civil works that affect the current collocation.
- 4.2 In case that Operator intends to perform a reconfiguration of its network, on the basis of its technological or business development plans, the installed equipment in the space allocated to an Oman Mobile may be reinstalled in another space through relocation only in the following conditions:
- 4.2.1 the relocation to allow the interconnection in similar conditions with those provided in the initial space;
  - 4.2.2 the relocation operations to be performed at Operator's expense, unless the parties agree otherwise.

## 5 Ordering of Collocation

### 5.1 Ordering process in Annex H.

## 6 Request for new collocation products

- 6.1 Requests for collocation products that are not specified in this Sub-Annex may be as in Annex H.

## 7 Tariffs

### 7.1 Charges for Collocation at Operator's premises
